1 John 5:13

When you read the bible daily, you want to keep God's words in your life forever. It will increase your faith and praying to God. When people humble themselves to God and Holy Spirit, you are motivating yourself to the Lord daily. All Americans should be servants of God and Holy Spirit in this nation because we should be living in peace as Americans without violence, brutality, freedom and liberty. We must respect the bible and American flag. We must be motivated Christians and disciples to treat Jesus as our master at the throne in heaven. Hell is no place for anyone on earth after they die on earth. If you worship the devil and hell on earth, you are headed down the wrong road. If you are LGBT and homosexual, you are headed down wrong road for eternal life and heaven. Americans in this nation must follow God and his kingdom to heaven by respecting and saving lives on earth.

Americans need to respect and take God seriously in your heart. Americans must resist and ignore the devil in their lives. It is the wrong path being a slave to the devil. Evil Americans must better themselves in this nation because people need to respect their elders and people around. Hate is no place in this nation with violence, brutality, false reports and bear false witness against others. Everyone needs to worry about their own lives and stop acting evil and dream busters. Hate is no place in this nation to act disrespectfully toward successful and sophisticated people. People need to look at successful and sophisticated people as mentors. Americans need to worry about their goals, life and accomplishments. We need to be equal to God in this nation by living under God as an humble, obedient and peaceful servant of God. I support defunding the police like some Chicago residents as a Chicago native because some taxpayer money need to be used for social programs for youth, homeless and Americans living in poverty. We must live for God, not the flesh and devil because it is the path of unrighteousness. Americans need to keep their minds and focus on Christ in their lives because Satan is not the person you want to listen to in your life. Devil is a lie. Americans must read and understand the bible daily. Americans must be truthful, house, just, pure, good. Americans must show love to each other, but not in a homosexual and LGBT kind of way. We must praise God everyday in our lives to honor him and gift of eternal life in heaven.
