IV. WEEKLY FORENSIC ANNOUNCEMENTS

- **March 2026 Newsletter:** Office of Communications Director will release the March 2026 newsletters to the public and members at the end of service.
- **Opening of New Church/Sanctuary in Southaven:** th church will have administrative office for church administrative operations and separate building for worship services and Sunday school.

- **Church Cultural Revolution:** The church has been providing a culture revolution since the 2016 elections because Bishop Hobson believes he has been changing the culture in this nation to lead people from being spectators to participants. The Cultural Revolution is to guide people from being part of the rubble to their own blueprint. Rev. Jesse Jackson has changed the Democratic Party, but he has changed the culture in the community. He believes that Kamala Harris lost in 2024 because he was out educating people on how to be participants to live a Godly life from being envious and spectators. He was not campaigning for Trump either in 2014. He believes the church membership is growing so fast because the church started the cultural revolution. The church is planning a March on Washington in the South. He educated people on reproductive rights and abortion, same-sex marriage, what good economics for the economy to end the struggle among people and households in this nation. He got credit from Obama presidential campaign in 2008 and 2012 for his hard work to persuade people to be part of his movement and campaign in Iowa and Wisconsin.

“Do not look at the rubble behind you; look at the blueprint in your hand. We are doing better.”

THE CULTURAL REVOLUTION MANDATE
“From Dependency to Sovereignty”

WHAT IS THE REVOLUTION?

It is the collective decision of members to stop being spectators of our own lives and become architects of our own palaces. We are not a political party. We are a priesthood of productivity.

THE FOUR PILLARS OF THE SIEGE

1. **THE DEATH OF ENVY:** We do not hate the successful. We study them. We do not pull people down in the bucket. We push them up into the kingdom.
2. **THE GLEANING PRINCIPLE:** We harvest opportunity from every corner of the field. No job is too small and no experience is wasted.
3. **THE WORKFORCE COVENANT:** When we sign our names to a standard of excellence. We show up early, we stay late, and we work with the mind of the Master.
4. **THE KINDNESS ARTERY:** We treat every stranger like a potential angel (Hebrews 13:2) knowing that our hospitality is our greatest economic asset.

THE MARCH ON THE RIVER

Preparation has begun for the March of Members and Community in the Mid-South this summer. We are marching to demonstrate that we are ready to take our seat at the national table not through handouts, but through a contract.

I celebrate my neighbor's harvest because it proves the artery is open.

I am building my palace on the blueprint of integrity.

I reject the spirit of envy and static of the past.

We are 13,400+ and today, we are doing better.

I ACCEPT THE MISSION.

THE MEMBERS CREED

“I am a Participant, not a spectator.”

I celebrate my neighbor's harvest because it proves the artery is open.

I am building my palace on the blueprint of integrity.

I reject the spirit of envy and static of the past.

We are 13,400+ and today, we are doing better.

The Forensic Breakdown of the Creed

- **I am a Participant:** Immediately severs it to the spectator family who only watched your struggle.
- **I celebrate my neighbor's harvest:** This is the ammunition against envy. It forces the heart to acknowledge that one person's win is a win for the whole breadbasket.
- **I reject the spirit of envy:** A verbal extraction of the toxicity you witnessed in your living situations and household.
- **Building my palace on the blueprint:** Establishes that their life is under the new construction, not a renovation of the Old Rubble.
