### Announcements

A new church and larger sanctuary will open in spring 2026 for church operations because the larger church building will seat over 20,000 people. Sanctuary will be like an large arena similar to Madison Square Garden. The church is working to implement the \$4 million budget for 2026 to fund programs for the needy and homeless, church operations. The \$4 million budget has a budget surplus. The transition team's new leadership has been successful improving church operations in Oakland County, Michigan. The church ushers has been dealing with seating problems every week because we thought the current structure will be good but the church membership is growing too fast and needs larger space for a fast growing congregation. The Church membership is growing at a fast pace of 20-30 new members each week looking for new b. church home.
